Submitted by user: Rebecca Lakofsky

Submitted values are:

Title of activity: : Safe by Design: Filler Essentials

AKH Activity Number: 260242

Collaborators (JP Name): Tag

Commercial Supporter(s): (If none, list N/A): n/a

Date of Activity: Tue, 07/28/2026

Credit(s) Provided:

- ACCME

- ANCC

Reviewer: Becca Lakofsky, RN, BSN

Project Manager: Bethany Shiflett

Are recommendations for patient care based on current science, evidence, and clinical reasoning, while giving a fair and balanced view of diagnostic and therapeutic options? [Standards for Integrity and Independence 1.1]: Yes

Comments:

Does all scientific research referred to, reported, or used in this educational activity in support or justification of a patient care recommendation conform to the generally accepted standards of experimental design, data collection, analysis, and interpretation? [Standards for Integrity and Independence 1.2]: Yes

Comments:

Are new and evolving topics for which there is a lower (or absent) evidence base, clearly identified as such within the education and individual presentations? [Standards for Integrity and Independence 1.3]: Yes

Comments:

Does the educational activity avoid advocating for, or promoting, practices that are not, or not yet, adequately based on current science, evidence, and clinical reasoning? [Standards for Integrity and Independence 1.3]: Yes

Comments:

Does the activity exclude any advocacy for, or promotion of, unscientific approaches to diagnosis or therapy, or recommendations, treatment, or manners of practicing healthcare that are determined to have risks or dangers that outweigh the benefits or are known to be ineffective in the treatment of patients? [Standards for Integrity and Independence 1.4]: Yes

Comments:

Are the questions related to the objectives? N/A

Any recommended modifications to questions? N/A
